

CS408: Project Charter Grading Rubric

1 Problem Statement (20 points)

Clear and well-defined problem statement.

2 Objectives (40 points)

Clear and well-defined list of objectives of the project: provide a list of features that you plan to implement in your software.

3 Stakeholders (10 points)

Mention relevant stakeholders (at least four stakeholder categories).

4 Deliverables (30 points)

1. Specify well-defined deliverables of your project and describe them in brief.
2. Mention any platform(s) that you plan to use.
