

CS 40700: Project Charter Grading Rubric

1 Problem Statement (1.0 point)

- (a) Clear and well-defined problem statement (one or two sentences)
- (b) How will your project be different from any similar systems? (one or two sentences)
- (c) Be as detailed as you can in 2-4 sentences.

2 Project Objectives (1.5 points)

- (a) Clear and well-defined list of project objectives (what things the project will do)
- (b) DO NOT LIST USER STORIES HERE!
- (c) Be as detailed as you can.

3 Stakeholders (0.5 points)

- (a) Clearly state all relevant stakeholders.

4 Deliverables (1.5 points)

- (a) Specify well-defined deliverables and describe them in details. (major results or services that will be delivered by the end of the project)
- (b) Mention any platform(s) and/or framework(s) which you plan to use.

5 Overall Organization (0.5 points)

- (a) Styling, clarity, right information in the right section, etc.
- (b) Please make sure to include team number and the names and email addresses of all your team members.

6 CS 30700 Projects

For each team member, add a one-paragraph description of her/his CS 30700 project and a link to the github repo (if it is publicly accessible).

Total: 5 points (5% of your project grade)
